About the SiliconPV Conference and nPV Workshop

Running for over a decade, the **SiliconPV** Conference has emerged as the premier global event for crystalline Si-based photovoltaics. Showcasing cutting-edge scientific and technological insights, **SiliconPV** continues to facilitate networking and enhance the visibility of our sponsors.

The **SiliconPV** Conference is pivotal for accelerating the energy transition, offering affordable, manufacturable solutions for widespread adoption. **SiliconPV** drives innovations essential for large-scale PV deployment, spanning materials, modules, and addressing key aspects like reliability and sustainability.

The conference prioritizes tackling challenges associated with TW-scale manufacturing and highlights advancements in tandem and multijunction PV technologies.

Furthermore, the **SiliconPV Conference** maintains collaborative ties with **nPV Workshop**, creating a consolidated platform for knowledge exchange. The nPV Workshop provides a comprehensive overview of emerging trends, innovations and developments in n-type technology.

In 2025 to Oxford!
